This is such a remarkable Sale that even a bare statement of facts is apt to appear an exaggeration. However, it will take no more than a casual survey of the jewelry itself to convince the most skeptical that what we say here is true.

This jewelry is the work of master artisans, skilled to a high degree. It is the entire stock of a manufacturer long renowned for the artistic qualities of his products, and for that reason long associated with exclusive high-priced jewelry shops only.

It is new jewelry. Every piece is modern in design, and absolutely perfect.

The savings. In some instances the price of the finished piece is not more than we should ask for the stones unset. One may save as much as \$4.30 on a piece priced \$8.94, and up to \$62.25 on a piece priced \$59.75.
